Step back in time and share the spirit of an old-fashioned Christmas as we visit the historic sites of the Shelburne Museum and Heritage Park in Vermont. A celebration of Americana, the museum boasts one-of-a-kind exhibits like the 220-foot steam paddlewheeler, S.S. Ticonderoga, the Victorian style Shelburne train depot, even a 525-foot scale model circus parade. Pictured above is the Colchester Reef Lighthouse, only one of 35 buildings that house incredible collections of everything from toys to antiques to trains.

Turn the pages and enter the charm of traditional New England . . . enjoy the festive colors of the Stencil House . . . the country warmth of the Prentis House . . . and join us for a happy, "historic" holiday.

Put a sparkle in her eye

4C

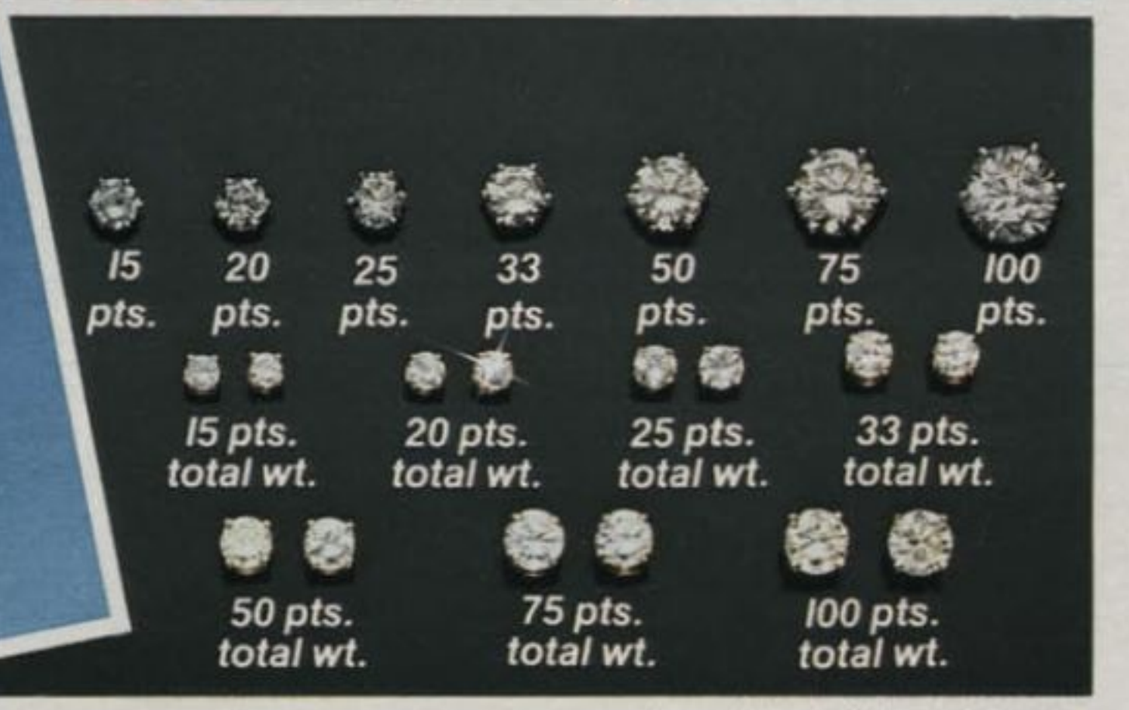

Your guide to diamond quality and value. The 4-C characteristics determine the quality and rare beauty of every diamond: cut, color, clarity and carat weight.

Registered Quality Diamonds

A laser identification number, invisible to the naked eye, identifies your diamond by size, quality and individual number. It is then permanently recorded in the Sears Diamond Registry as your assurance that this diamond is yours alone.

Diamonds in chart shown actual size.

Registered Quality Diamonds

40% less thru December 15th

Because she's much like a diamond herself, both precious and rare, you'll want to choose her diamond with care. These beautiful solitaire diamonds, each set in 14K gold, are offered in three qualities . . . one probably within your price range. Each Sears Registered Quality diamond comes with a limited lifetime warranty† and laser inscribed registration number. Select the quality diamond of your choice form the charts below and watch her sparkle with pleasure when you present her with the gift she's been waiting for. Gift boxed. See Notes below.

This holiday season give yourself an endless summer

That healthy glow can be yours year 'round with a home tanning unit

A thru C Don't let the gray days of winter leave you pale. Give yourself a tan without the inconvenience and high fees of a tanning salon. Special tanning lamps give you a dark, rich tan without burning by screening out most of the harmful burning rays. They provide only the minimum amount of UVB rays needed to start the tanning process. Extra wide curved design conforms to the contours of your body to improve results on hard-to-tan sides. Long lasting UVA bulbs provide approx. 1000 hours of tanning power: at a weekly average of two ½-hr. sessions per side, (C) will give you over 19 years of use, (D) and (E) over 9 years! Hour counter lets you know when bulbs begin to lose tanning power and need changing. Enameled aluminum frame is designed for ease of control and precise positioning of canopy. Thirty-min. timer helps you avoid overexposure. Plastic eye protectors and 100 tanning result stickers. Uses standard 120-v. current. ETL test lab approved. Meets FDA certified specifications. Unassembled. Imported. Warranted by Mfg. Write for free copy, see p. 371.*

Just place at least two catalog orders of $30 or more each, every six months from any catalog and you will be offered our General Catalogs free of charge, plus many sale catalogs throughout the year.

SAVE THIS CATALOG

Unless stated otherwise: You can order any item on pages 375 thru 566 at 1986 prices thru August 31, 1987; last date to order other items is February 16, 1987.

ORDERING INFORMATION

Shop by Phone, Mail or in Person—whichever is most convenient for you. **By Phone**—your local Sears phone number may already be on the wrapper of this catalog. If not, check your phone book under Sears, Roebuck and Co. **In Person**—order through your nearest Sears Selling Unit. All current Sears catalogs and Specialogs are available for your reference. **By Mail**—list all the items on a Sears Order Blank or any plain piece of paper. Print plainly your full name and mailing address. All members of the same household should order under the same name. Be sure to include all catalog numbers, page numbers, descriptions of items and any special information requested. Mail order to the address nearest you (see addresses below).

Customer Inquiries—regardless of how you order, or what your questions may be, the most convenient way to have your inquiries answered is through your local store. If you prefer to write, mail your letter to Sears, Roebuck and Co., Customer Relations, BSC 39-32, Sears Tower, Chicago, IL., 60684.

RECEIVING YOUR ORDER

Tell Us How You Want Your Order Shipped. All merchandise can be shipped to the local Sears Catalog Selling Unit nearest you for pick-up or sent to your home, whichever you prefer. The charges you will have to pay for shipping and handling will differ depending on the method of shipment. To obtain information on services available and Sears shipping and handling charges, see below or call the local Sears unit or ask a sales person at the Catalog desk.

HOME DELIVERY . . . MAILABLE ORDERS

Use home delivery, save a trip. For no more than $1.00 over store pickup, we'll send any mailable order direct to your home, office . . . or anywhere else you request in the continental U.S. Just say "Charge It". On Credit orders, Sears computes delivery charges and adds them to your account. Or if you prefer, you may pay in advance with check or money order (include shipping and handling charges plus tax based on item's destination). No C.O.D. Deliveries can be made to your home by the United States Postal Service (USPS) or United Parcel Service (UPS).

Use the rate table below for all merchandise except items with catalog numbers having an "N" at the end (see "Unmailable Merchandise" below). To estimate home delivery shipping and handling charges for USPS/UPS parcels, find the approximate mileage from your CMDC in the chart below. Add the weights of all items (except "N" suffix) and find the charge for the total in the table below. Refer to the Customer Information Section of our General Catalog for the exact shipping and handling charges.

HOME DELIVERY . . . UNMAILABLE ORDERS

Items indicated with a **"N", "NH" suffix** (such as 9-1234N) means that this item, if shipped directly to your home, is sent by motor-carrier. (See non-Sears truck information pages in our General Catalog for estimated rates.) It may be more economical to have these items sent to your local selling unit for pickup or redelivery to your home. Contact your local Sears selling unit for charges.

PICK UP YOUR ORDER AT ANY OF OUR MORE THAN 3000 LOCATIONS

We will notify you when your order is ready. Use your Sears credit card or you can pay when you pick up your order. For bulky or unmailable items redelivery service from the selling unit may be available for an additional charge. Compare rates for the most economical method.

MERCHANDISE QUANTITIES

We make every effort to stock enough merchandise to fill all orders. Our policy on out-of-stock merchandise is explained in our General Catalog.

The merchandise offered in this book is stocked in quantities intended to accommodate only individual or family needs. Therefore, we reserve the right to limit quantities in order to properly serve all our customers.

PAYING FOR YOUR ORDER

The fastest and easiest method of payment is SearsCharge or Discover Card. Today's way to say CHARGE IT! To apply for credit by phone, CALL TOLL FREE 1-800-543-3296. Or see the SearsCharge application on pages 374A and 374B.

Payment with Mail Orders can also be made by check, bank draft or money order for the amount of merchandise cost, delivery and handling. You can get a money order from your post office, express agent or mail carrier (if you live on a rural route). Do not send stamps, coins or paper money.

C. O. D. Orders are accepted only for merchandise that is sent from a Catalog Merchandise Distribution Center to a Sears Selling Unit. Pick up your order or arrange with your Sears Unit for redelivery to your home (if available). If your order is sent directly to you, use your Sears Credit Account. When ordering in person you may also pay in advance. When ordering by mail you may also include check or money order to cover all costs.

REGARDING OUR CATALOG PRICES

You automatically get our lowest prices. Your order will always be filled at Sears lowest current price. If the products you order from our catalogs happen to be on sale in a current book, we will fill your order at the reduced sale book price.

Following the policy in effect since our founding in 1886, prices quoted in Sears catalogs do not include (unless stated otherwise) charges for handling and shipping of goods from our Catalog Merchandise Distribution Center to a Sears catalog selling unit for pick-up, or for redelivery to your home. The shipping and handling charges may differ depending on method of shipping. Information on how shipping weights are determined and details on shipping and handling charges for shipping by USPS/UPS or non-Sears truck can be obtained from the customer information pages of our General Catalog. Specific details on charges for handling and shipping to a Sears catalog selling unit for pick-up or redelivery (if available) can be obtained from the unit, either at the counter or over the phone. Comparative pricing statements made in this catalog refer only to prices on merchandise offered nationwide through our own catalogs. Catalog merchandise prices and assortments may vary from those in our Retail Stores and between regional editions of a catalog. If an item description in this catalog does not include our "was" price or any other basis for savings, that item is offered at our regular low price.

SEARSCHARGE MONTHLY PAYMENTS

If you have an existing SearsCharge account balance, the addition of a specific purchase may or may not change your current monthly payment depending upon the highest balance of your account. Sales tax, delivery or installation charges, if any, may cause quoted minimum monthly payments to be higher.

SHIP-A-GIFT

How to buy a present, wrap it for shipping, and send it across the country (often for less than you'd pay to ship it yourself)—all in just minutes—with just one phone call

Avoid the bother of sending packages yourself. When ordering a present for an out-of-town relative or friend, just tell the phone order clerk the name and address of the recipient. There's no need to pick up a package, wrap it for shipping and make a special trip to the post office because Sears will take care of it for you. Plus your gift will be shipped from our distribution center that's nearest to its destination, so you never pay more for delivery than the recipients would pay if they ordered the same item for themselves.

Charge it: *Pay for the gift with your Sears credit card. Or if ordering in person, you may wish to pay cash in advance. Sorry, no C.O.D.'s. Tax is based on the item's destination.*

Choice of delivery or pickup: *Your gift can be sent for pickup to any of our more than 3000 Sears locations in the United States. Sears will notify the recipient.*

Christmas delivery: *So that gifts shipped within the U.S.A. will be received before Christmas, order before Dec. 12, 1986. Sears will also ship your gifts to foreign countries or APO-FPO addresses. Allow 30 to 60 days. Call any Sears selling unit for details or write in any language to Sears Personal Service, Dept. 157 at addresses shown on page 371.*

The perfect gift when you don't know what to give . . . a Gift Certificate

Sometimes the "just right" gift is the one they choose themselves. A Sears gift certificate lets the recipient choose from over 100,000 items, and it's redeemable at every one of our more than 3000 locations, catalog and retail. Choose any denomination from $5 to $250 and we'll send it to you so you can give it personally. Or if you prefer, we'll send a gift certificate directly to the recipient in your name.

Gift Certificate . . . sent to you
12 XC 7440 . . . State $5 to $250

12 XC 7420 . . . State $5 to $250

Makes a perfect bonus or incentive award for businesses, too! Your business can buy Sears Merchandise Gift Certificates with your company check or you can buy them on credit by completing a request for credit approval that we'll send you when you write to the address below. Terms are net 30 days. The certificates will be mailed to you via registered mail. You will be invoiced for full face value

Size note: Skates are sized to fit when worn with one pair of socks. If you wear narrow or medium width shoes, order your regular full shoe size. If you wear wide width shoes or half-size shoes order the next larger full skate size. Ball bearing note: Our finest full-ground precision bearings are greased, sealed and polished to help reduce friction. Sealed greased bearings are grease-lubricated to help improve bearing life while the sealed construction helps keep out dirt. Loose ball bearings are not lubricated and require cleaning.

1 *Valley introduces El Tigre . . . a table for your home with the same quality materials, design and solid engineering that Valley's known for. Topping off the list is the genuine Italian slate playing surface. Made of a single ¾-in. piece, it's precision-ground to within 19/1000 of an inch for flatness and true ball roll. The end-to-end slate support system has twin heavy-duty aluminum cross beams for levelness and durability.
